

SINCE 1966

Bicycle Tube Valves, Auto Tyre Tube Valves, Zinc Die Casted

Precision Turned Components Manufacturer & Exporter

ISO 9001:2015 certified

ARUN IMPEX PVT. LTD.

Engineering Precision. Delivering Trust

Manufacturer & Exporter of Precision Turned Components
Jamnagar, Gujarat - The Brass City of India

Arun Impex Pvt Ltd is one of the prominent manufacturers, suppliers & exporters of superior precision engineered metal components, committed to delivering premium quality products and complete customer satisfaction.

About Company

Bicycle Valves and Precision Turned Components Manufacturer & Exporter **SINCE 1966**

Arun Impex Pvt Ltd is one of the prominent manufacturers and exporters of precision-engineered metal components. With decades of manufacturing expertise and a strong commitment to quality, we specialize in producing components with high accuracy, durability, and consistency. Our roots trace back to Arun Udyog, established in 1966, a leading manufacturer of bicycle tube valves in India with over six decades of manufacturing excellence. Over the years, we have expanded our capabilities to manufacture valves for bicycle, motorcycle, and automotive tyres and tubes, along with a wide range of precision turned components. Backed by a dedicated team, advanced machinery, and stringent quality control practices, we continue to serve customers across domestic and international markets with reliability, precision, and consistency.

Our Core Principles: Quality First, Engineering Innovation, Sustainable Manufacturing, Customer Partnership and Value & Competitiveness.

WHAT WE DO

Arun Impex Pvt Ltd specializes in manufacturing precision-engineered metal components for a wide range of industrial applications. Our capabilities include CNC turning, custom component manufacturing, and multi-metal production tailored to diverse engineering requirements.

With advanced machinery and streamlined production processes, we ensure consistent accuracy, efficient manufacturing, and dependable performance across every component we produce

Our Values

At Arun Impex Pvt Ltd, our values are rooted in integrity, precision, and commitment to excellence. We believe in building long-term relationships through trust, transparency and consistent performance with a focus on continuous improvement and disciplined execution, we are dedicated to maintaining high manufacturing standards while ensuring reliability, accountability, and consistency in everything we do.

Our Commitment

To uphold the highest standards of manufacturing through precision, reliability, continuous improvement and a consistent commitment to customer satisfaction.

Our Mission

To continuously strengthen our manufacturing capabilities and deliver precision-engineered metal components that meet evolving industry demands with accuracy, efficiency and consistency.

Quality Policy

Committed to ISO quality standards, Arun Impex Pvt Ltd emphasizes precision manufacturing, process consistency and continuous improvement to deliver reliable products and maintain lasting customer trust.

Why Us?

With a strong manufacturing foundation and a precision-driven approach, Arun Impex Pvt Ltd delivers components known for accuracy, consistency, and dependable performance. Backed by advanced production capabilities, strict quality control, and timely execution, we efficiently meet diverse customer requirements while maintaining high manufacturing standards.

QUALITY

Strict quality standards maintained across every production stage.

TIMING

Efficient production planning to ensure on-time delivery.

CUSTOMIZATION

Components manufactured as per customer specific drawings and requirements.

CUSTOMER CENTRIC APPROACH

Focused on understanding and fulfilling diverse customer requirements.

Effective Management System

Well-structured operations ensure efficiency, consistency, and smooth workflow management

Packaging & Delivery

Secure packaging and organized logistics help ensure safe and timely product delivery

Competitive Pricing

Optimized manufacturing processes help us deliver quality products with competitive pricing.

Product Development

Continuous improvement and technical expertise support the development of precision components tailored to evolving industry requirements.

Bicycle Valves

Product category showcasing Arun Impex's precision manufacturing capabilities in Bicycle Tube Valves.

Specifications

Material Options

Brass

Finish: Natural, Nickel

Export Capabilities

Trusted by clients across Europe, USA, Middle East & Asia - known for Reliable Quality, Secure Packaging and Timely export execution.

Customization

We manufacture based on:

- Customer Drawings
- Technical Specifications
- Sample Parts

Bicycle Valve Parts

Product category showcasing Arun Impex's precision manufacturing capabilities in Bicycle Valve Accessories.

Export Capabilities

Trusted by clients across Europe, USA, Middle East & Asia known for Reliable Quality, Secure Packaging and Timely export execution.

Customization

We manufacture based on:

- Customer Drawings
- Technical Specifications
- Sample Parts

Zinc Die Casted Products

Product category showcasing Arun Impex's precision manufacturing capabilities in Zinc Die casted products.

Specifications

Material Options

Zinc Grade: Zamak 1 to 5

Size We Handle

Diameter 1.5MM to 200MM

Size Range

Diameter 1.5MM to 200MM

Length

Up to 100 MM

Export Capabilities

Trusted by clients across Europe, USA, Middle East & Asia - known for Reliable Quality, Secure Packaging and Timely export execution.

Customization

We manufacture based on:

- Customer Drawings
- Technical Specifications
- Sample Parts

All dimensions, threads (Metric, BSP, NPT, UNF, etc.), finishes and packaging are fully customizable.

Brass CNC Parts

Product category showcasing Arun Impex's precision manufacturing capabilities in brass cnc parts.

Specifications

Material Options

- Brass Free Cutting Grade I, II, III
- Lead Free Brass
- Forging Brass
- Naval Brass
- Other Brass Grades as per Customer Specifications.

Size Range

Diameter 1.5MM to 200MM

Turning Length:

Up to 300 MM

Export Capabilities

Trusted by clients across Europe, USA, Middle East & Asia - known for Reliable Quality, Secure Packaging and Timely export execution.

Customization

We manufacture based on:

- Customer Drawings
- Technical Specifications
- Sample Parts

All dimensions, threads (Metric, BSP, NPT, UNF, etc.), finishes and packaging are fully customizable.

Turned Components

Product category showcasing Arun Impex's precision manufacturing capabilities in turned components.

Specifications

Material Options

- Copper
- Mild Steel
- Stainless Steel
- Aluminium
- Any Material Composition as per Client Spec

Size Range

Circumscribe Diameter
5MM to 200MM

Turning Length:

Up to 300 MM

Export Capabilities

Trusted by clients across Europe, USA, Middle East & Asia - known for Reliable Quality, Secure Packaging and Timely export execution.

Customization

We manufacture based on:

- Customer Drawings
- Technical Specifications
- Sample Parts

All dimensions, threads (Metric, BSP, NPT, UNF, etc.), finishes and packaging are fully customizable.

Electrical Components

Product category showcasing Arun Impex's precision manufacturing capabilities in electrical components.

Specifications

Material Options

- Brass Free Cutting Grade I, II, III
- Copper
- Aluminium
- Other Material Composition as per Client Spec

Size Range

Diameter 5MM to 200MM

Turning Length:

Up to 300 MM

Export Capabilities

Trusted by clients across Europe, USA, Middle East & Asia - known for Reliable Quality, Secure Packaging and Timely export execution.

Customization

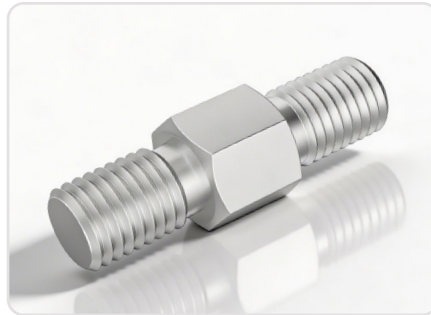

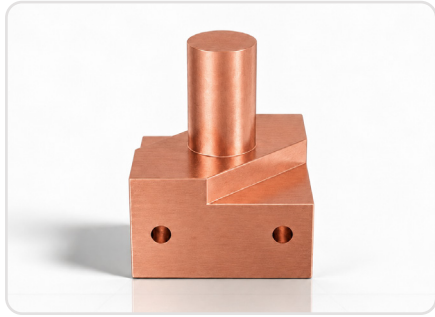

We manufacture based on:

- Customer Drawings
- Technical Specifications
- Sample Parts

All dimensions, threads (Metric, BSP, NPT, UNF, etc.), finishes and packaging are fully customizable.

Precision Parts

Product category showcasing Arun Impex's precision manufacturing capabilities in precision parts.

Specifications

Material Options

- Brass Free Cutting Grade I, II, III
- Copper
- Mild Steel
- Stainless Steel
- Aluminium
- Any Material Composition as per Client Spec

Size Range

Diameter 5MM to 200MM

Turning Length:

Up to 300 MM

Export Capabilities

Trusted by clients across Europe, USA, Middle East & Asia - known for Reliable Quality, Secure Packaging and Timely export execution.

Customization

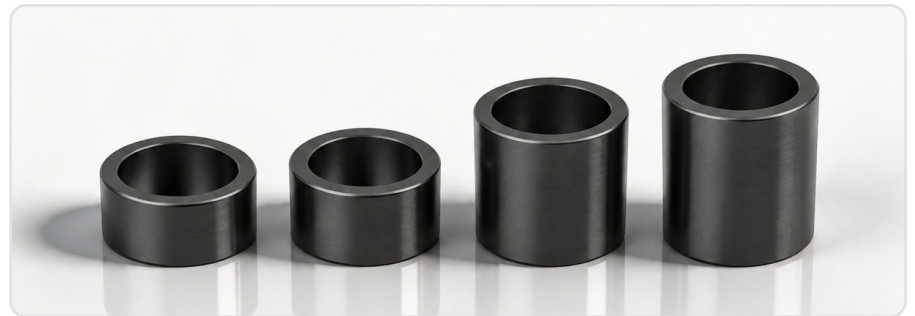

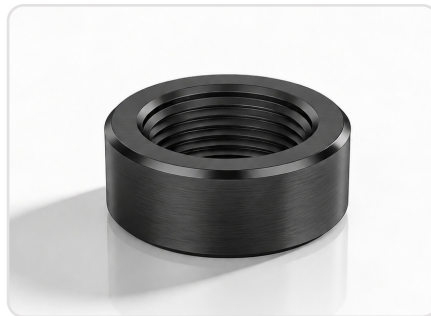

We manufacture based on:

- Customer Drawings
- Technical Specifications
- Sample Parts

All dimensions, threads (Metric, BSP, NPT, UNF, etc.), finishes and packaging are fully customizable.

Machined Components

Product category showcasing Arun Impex's precision manufacturing capabilities in machined components.

Specifications

Material Options

- Brass Free Cutting Grade I, II, III
- Copper
- Mild Steel
- Stainless Steel
- Aluminium
- Any Material Composition as per Client Spec

Size Range

Diameter 5MM to 200MM

Turning Length:

Up to 300 MM

Export Capabilities

Trusted by clients across Europe, USA, Middle East & Asia - known for Reliable Quality, Secure Packaging and Timely export execution.

Customization

We manufacture based on:

- Customer Drawings
- Technical Specifications
- Sample Parts

All dimensions, threads (Metric, BSP, NPT, UNF, etc.), finishes and packaging are fully customizable.

Brass Fittings

Product category showcasing Arun Impex's precision manufacturing capabilities in brass fittings.

Specifications

Material Options

- Brass Free Cutting Grade I, II, III
- Lead Free Brass
- Forging Brass
- Naval Brass
- Other Brass Grades as per Customer Specifications.

Size Range

Diameter 5MM to 200MM

Turning Length:

Up to 300 MM

Export Capabilities

Trusted by clients across Europe, USA, Middle East & Asia - known for Reliable Quality, Secure Packaging and Timely export execution.

Customization

We manufacture based on:

- Customer Drawings
- Technical Specifications
- Sample Parts

All dimensions, threads (Metric, BSP, NPT, UNF, etc.), finishes and packaging are fully customizable.

Industrial Pipe Fittings

Product category showcasing Arun Impex's precision manufacturing capabilities in fasteners & industrial pipe fittings

Specifications

Material Options

Brass Free Cutting Grade

Size Range

1/2" to 2"

Export Capabilities

Trusted by clients across Europe, USA, Middle East & Asia - known for Reliable Quality, Secure Packaging and Timely export execution.

Customization

We manufacture based on:

- Customer Drawings
- Technical Specifications
- Sample Parts

All dimensions, threads (Metric, BSP, NPT, UNF, etc.), finishes and packaging are fully customizable.
